Reservation at the Tourist Office with an ID card

EXHIBITION

Mines de l'Oisans - OZ VILLAGE

Free access on demand at the Oz-en-Oisans city hall.

Since the 1980s archaeological surveys have been conducted in the Rousses massif to locate, date and analyze the activity of former mining sites. Among the sites discovered are lead, copper and silver mines exploited from protohistory to modern times.

This exhibition invites you to discover the results of this research.

Permanent Leisure Space

Orienteering Trail

Two permanent orienteering courses are accessible on the territory of Oz en Oisans.

The trails :

→ **Heritage** discovery in Oz Village, departure from the Place de la Mairie

→ **Playful** discovery at Oz 3300 , departure from the Tourist Office

The objective is to find your way through the natural and artificial elements to find the markers. At each marker found, you punch your map with the red clip embedded in a wooden post, questions are asked at each step to refine your knowledge of the mountain environment.

Flyers of the routes can be picked up at the Tourist Office or consulted online at www.oz-en-oisans.com

Free access

Compasses lent by the Tourist Office upon presentation of an ID.
